

John Horton Conway

The goal of the presentation is to discuss John Conway. Your presentation should include at least

- A discussion his life.
- A Conway chained arrow notation.
- A discussion of what it means to be non-associative.
- A discussion of the Angel Problem.

In addition you should include at least one thing not on the above list

At the end of your presentation the class will be asked one of the following questions.

- What is the name of the most famous cellular automata that Conway invented?
- Where does Conway currently teach?
- What does it mean to be non-associative?

A good starting point for your research is

http://en.wikipedia.org/wiki/John_Horton_Conway

If you have any questions regarding the presentation feel free to e-mail your TA or Dr. Ackerman
