Pythagoras

The goal of the presentation is to discuss Pythagoras. Your presentation should include at least

- A discussion of who he is.

- A discussion of the Pythagoreans

- A discussion of the Pythagorean Theorem

- A discussion of the "Harmony of the Spheres" and his work on music

- A discussion of some of his philosophy (including his view on irrational numbers)

In addition you should include at least one thing not on the above list

At the end of your presentation the class will be asked one of the following questions.

- What is the Pythagorean Theorem?

- What was the number for justice according to Pythagoras?

- What was the number for marriage according to Pythagoras?

A good starting point for your research is

http://en.wikipedia.org/wiki/Pythagoras

If you have any questions regarding the presentation feel free to e-mail your TA or Dr. Ackerman
