

Amalie Emmy Noether

The goal of the presentation is to discuss Amalie Emmy Noether. Your presentation should include at least

- A discussion of who Amalie Emmy Noether was including a brief history of her life.
- A discussion of what an ascending/descending chain condition is.

In addition you should include at least one thing not on the above list

At the end of your presentation the class will be asked one of the following questions.

- What college in Pennsylvania did she work at?
- When did she die?
- Which of the following fields did Noether contribute the most to: Abstract Algebra, History, Algebraic Topology?

A good starting point for your research is

http://en.wikipedia.org/wiki/Emmy_Noether

If you have any questions regarding the presentation feel free to e-mail your TA or Dr. Ackerman
